

load X

```
graph TD; A[load X] --> C[load X {redundant}]; B[load X] --> C;
```

The diagram consists of three rounded rectangular boxes. Two boxes are positioned at the top, one on the left and one on the right, both containing the text 'load X'. Arrows from the bottom-right corner of the left box and the bottom-left corner of the right box point towards a single box centered at the bottom. This bottom box contains the text 'load X {redundant}', where '{redundant}' is colored green.
